

HELP US BUILD BRIGHTER FUTURES FOR CHILDREN

Children's Treatment Network (CTN) is a network of organizations in Simcoe and York serving children and youth with multiple special needs and their families. We work together to enhance the system of services for children with multiple special needs in Simcoe and York.

CTN requires four new Board members from Simcoe or York with diverse backgrounds and skills. If you are interested in helping us build brighter futures for children as a member of the Board, Children's Treatment Network wants to hear from you!
